- offer invaluable support.

COMPANY STRUCTURE

Page OÜ- Estonia

- Our company, Page OÜ, is incorporated in Tallinn, Estonia. Our subsidiary services, such as Page Social and VIDAi+, are directly affiliated with PAGE OÜ, and all rights are registered and reserved to PAGE OÜ.
- As a company, we initially focused on cross-connectivity APIs. In 2020, due to high demand, we introduced an AI-based version of the Video self-editing tool, VIDAi API. In 2021, we further enhanced our offerings by introducing VIDAi+ with the option to connect directly with social media platforms.
- In 2022, we expanded our reach to over 3,000 websites owned and operated by Page Ads, covering over 19 categories under the governance of Page Content API. This has provided advertisers with a secure environment to directly distribute their content to the audience. So far, we have distributed 1.3 million pieces of content to make it easier for you to find. Page Ads has the single largest network of individually owned website environments.
- Our goal is to expand our network to 14,000 websites by the year 2024, covering a wide range of topics in 42 languages.
